28) Under Section 51 (2) of the Mysore City Municipalities Act 1933 it is only the draft of a proposed bye law that has to be published by the Municipal Council

29) In the present case what is now required is a publication of certain amendments to the bye laws which have already been published It does not appear to be quite necessary to publish the entire bye laws before any amendment for one portion of a bye law is taken up Since the bye laws have already been published publication of the mere proposed amendments to a portion of the bye laws would be quite in order.

30) However there appears to be no objection to republish the entire bye laws if it is felt that it would facilitate the persons Concerned in taking their objection
